

# Year Four

## PSHE

### (including RHE)

## Curriculum

**PORTER CROFT**  
Church of England Primary Academy

Here at Porter Croft, PSHE (personal, social, health and economic) education is a school curriculum subject through which children and young people acquire knowledge and skills to stay safe, be healthy (physical and mentally) and prepared for life, and work, in the modern world. Each PSHE unit is delivered over a series of lessons every half term, PSHE lessons are also where pupils will receive the statutory RHE (relationship and health education) content.

As a parent/carer you play a vital role in their personal and social development. Therefore, PSHE education should always be a partnership between schools and parents/carers. This guide will support you to contribute to your child's education outside of school.

The PSHE curriculum is organised into three themes: 'health and wellbeing'; 'relationships', and 'living in the wider world' (which focusses on careers, media literacy and economic wellbeing). Topics in lessons include age-appropriate teaching about healthy lifestyles (e.g. diet, fitness and maintaining good mental health); relationships, including friendships and families; personal safety (including online); growing and changing; study skills; media literacy and digital resilience (including how to recognise fake news); managing risk and personal safety; money, careers and preparing for the world of work.

In addition to the PSHE curriculum, we also use Project EVOLVE (a national online safety scheme of work) to supplement pupils' knowledge and skills and ensure pupils are equipped to keep themselves safe online. Project EVOLVE toolkit is based on the UKCIS framework "Education for a Connected World" (EFACW). This framework covers knowledge, skills, behaviours and attitudes across eight strands of our online lives.

The information in this booklet includes details of what is covered and an outline of the planned curriculum for each year group. This will give you an overview of what your child is being taught, and what is considered age-appropriate for them to be learning.

- I can explain how bots are used online (e.g. boost follower/retweet numbers, chat bot for help on a site, or as part of an app or game, impersonation).
- I can describe techniques to identify if I'm talking to a bot.
- I can explain why lots of people sharing the same opinions or beliefs online does not make those opinions or beliefs true.

**I can explain that technology can be designed to act like or impersonate living things (e.g. bots) and describe what the benefits and the risks might be**

### Outcome Criteria

- I can describe what is a 'bot'.
- I can explain how bots are used online (e.g. boost follower/retweet numbers, chat bot for help on a site, or as part of an app or game, impersonation).
- I can describe techniques to identify if I'm talking to a bot.
- I understand that information which is repeated is more likely to be believed.
- I can explain why lots of people sharing the same opinions or beliefs online does not make those opinions or beliefs true.
- I can explain how recommendation algorithms can amplify inaccurate information

**I can explain what is meant by fake news e.g. why some people will create stories or alter photographs and put them online to pretend something is true when it isn't.**

### Outcome Criteria

- I can describe how fake news may affect someone's emotions and behaviour, and explain why this may be harmful.
- I can explain what is meant by a 'hoax'.
- I can explain why some people will pretend something is true when it isn't.
- I can explain why someone would need to think carefully before they share

## Summer 2

### PSHE Unit: Alcohol

#### Alcohol

##### **Objectives**

1. Know the effects of alcohol
2. What are the risks of alcohol?
3. What the limits to drinking alcohol?

### Project Evolve Unit :Health, wellbeing and lifestyle

**I can explain how using technology can be a distraction from other things, in both a positive and negative way.**

#### Outcome Criteria

- Give examples of tech/online activities that effectively hold their attention and engagement.
- Explore the value they place in different tech/online activities (e.g. priorities, more important/less important than...)
- Recognise some of the limitations that tech/online activities may place on their attention (e.g. when I'm playing on my PS4, I can't be with my friends in the park, when I'm watching my favourite YouTuber, I can't practise my spellings, etc.)

**I can identify times or situations when someone may need to limit the amount of time they use technology e.g. I can suggest strategies to help with limiting this time.**

#### Outcome Criteria

- Give examples of tech/online activities that they engage with for extended periods of time.
- Demonstrate an awareness of the effects of over engagement on physical health, wellbeing, relationships and work.
- Give examples of what happens when they have been online for too long.
- Identify times when someone might need to limit the amount of time they use technology.
- Recognise and explain a range of strategies to limit time spent online/using tech. (e.g. self-management strategies, technical solutions such as timers/reminders, external influences)
- Begin to evaluate the effectiveness of these strategies on their own use of technology.
