Tips To **SAVE ENERGY**

Quick Guide To Energy Saving

- 

Switch off lights when not needed or when leaving an unused room
- 

Unplug any appliances that are not being used
- 

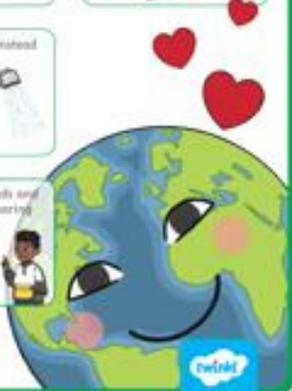

Ensure taps are fully turned off when they are finished being used
- 

Do not leave appliances in standby mode - switch off at the wall
- 

Turn off the air-con when leaving the premises
- 

Ensure the last person to leave has turned off everything that can be

Saving Energy

 <p>Don't leave the tap running while you wash your hands or brush your teeth.</p>	 <p>Wear a jumper instead of turning the heating on.</p>	 <p>Always turn off lights, televisions, computers and games consoles when you are finished.</p>	 <p>Read a book or play a board game instead of watching television.</p>
 <p>Recycle as much as you can - this uses much less energy than making new materials.</p>	 <p>Walk or ride a bicycle to school instead of travelling in the car.</p>	 <p>Have short showers instead of baths.</p>	
 <p>Never leave the fridge door open. Decide what you want before you open it.</p>	 <p>Keep windows closed when the heating is on.</p>	 <p>Encourage your friends and families to help by sharing these tips with them!</p>
